### IV. ASSUMPTION

1. The board utilizes a rolling five year financial analysis process to evaluate its fund balance, establish fee structure, and assess budgetary needs. The five (5) year analysis is based on the projected revenue, expenses, and number of licensees. Based on the board's recent five (5) year analysis, the board voted to increase fees.
2. Actual revenue increases may vary based on renewal, inactive, and reactivation applications
3. It is anticipated that the total costs will recur for the life of the rule, may vary with inflation, and are expected to increase at the rate projected by the Legislative Oversight Committee.

Note: The board is statutorily obligated to enforce and administer the provisions of sections 209.319 to 209.339, RSMo. Pursuant to section 209.328, RSMo, the board shall by rule and regulation set the amount of fees authorized by section 209.328, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the division for administering the provisions of sections 209.319 to 209.339, RSMo.
